

Toscana Alabaster Sconce
2477-79

Natural alabaster stone slices accented with brass details and backplate. Alabaster is sourced from a rare mineral created from a metamorphic rock formation process.

The white smoke color is natural and may slightly vary piece by piece. Sconce is suitable for covered outdoor use in a damp location with no direct water contact.

Simple assembly is required. Professional installation recommended.

8.5"w x 6"dp x 8.25"h

Use one 40 Watt Candelabra Bulb
